Men, Make No Mistake

Seek the Leader—Not the Follower

Reasons Why All Weak, Worn-out, Discouraged and Diseased Men Should Consult

DR. FLEENER CO., longest established, most successful and reliable specialists in PELVIC, RECTAL and NERVOUS DISEASES OF MEN, as medical diplomas, licenses and records will show. Your whole future may depend upon the kind and quality of treatment you get first.

Chronic Diseases of Men

No Matter How Obstinate or How Contracted, CURED

Modern methods of treatment for all Pelvic Diseases. We never use the surgeon's knife, if it can be avoided, and only then upon the express wish of the patient. Enlargement of the Prostate Gland we cure by reducing it, not by removing it. We cure Piles and other Rectal Diseases without surgery. Under our superior treatment, Varicocele quickly vanishes; the stagnant blood is absorbed and the circulation is restored to the parts affected. We have extraordinary success in curing Rupture by reliable and painless methods, without recourse to trusses. Diseases of the Kidneys and Bladder are speedily healed, and the patient saved from fatal results which generally follow neglected cases of long standing. Don't delay taking treatment for Chronic Pelvic Diseases; the sooner we begin to cure the sooner we will restore you to health, vigor and vitality. Nervous troubles often have their seat in local causes, which we can ascertain and remove. The given and despondency which attend those who are fearful that they never can be cured of their ailments will immediately vanish as soon as our treatment begins to take effect.

We positively cure Rupture, Varicocele, Piles, Fistula, Fluores, Rectal Ulcers, Prostate Enlargements, Contracted Diseases, Lost Vitality, Stricture, Diseases of the Bladder, Kidneys, Liver, Stomach, and all Vital Diseases of Men by our Painless and Bloodless Methods.

Oldest, longest established and reliable men's office, for men only, in the city, as newspaper records show.

We will accept any case of Rupture, Piles, Varicocele or Hydrocele and permit you to deposit a draft in the First National Bank, or your Bank, made payable to yourself and instructing them to place same to our account after you have been cured. We are the only reputable physicians in this line of work who will take such cases on a guarantee. By doing this, you are absolutely certain of a cure. You have nothing to lose and everything to gain, and if we were not perfectly sure of our work we could not do business this way very long, but instead, have been doing so for years. We have adopted this plan because so many have been swindled by quacks and fakers; not one of them will permit a patient to deposit his money until a cure has been effected.

Many patients have told us that at first they hesitate to begin treatment with us, fearing that on account of our great reputation the fee would be more than they could afford to pay. Our fees are always moderate, wholly within your means, and at no time more than you are willing to pay. DON'T let money matters keep you from beginning treatment. If you will call and see us we have a system by which you can begin treatment and pay as you can.
